Critical Rules

Know Before You Go

These rules are **non-negotiable**. Violating any one of them can result in visa denial or detention.

Group Integrity

Enter and exit China as one unit — splitting the group at any point is not permitted.

Geographic Limit

You must remain within **Guangdong Province** only — travel to other provinces is strictly prohibited.

Clock Starts

Your 144-hour window begins at **00:00 the day after entry** — not at the moment you cross the border.

Hotel Registration

Once you check in, your hotel automatically registers your group with the local police — this is a standard requirement for all foreign visitors in China.

- ❑ Keep all printed documents — passport copy, Group Manifest, and hotel booking — with you at all times during your stay.

Exiting China

1

Exit as a Group

Depart through Luohu together — the complete group must exit as one unit.

2

Return to Hong Kong

Cross back into Hong Kong together before your 144-hour window expires.

3

Depart Hong Kong

Board your confirmed return flight from Hong Kong as planned.
